

**Subject:** Postdoc positions at the Department of Mathematical Sciences, KU: Interest form has been received  
**From:** noreply@adm.ku.dk  
**Date:** 11/7/15, 1:28 PM  
**To:** jaclynlang@math.ucla.edu

Thank you for submitting the Department of Mathematical Sciences postdoc interest form. To complete your application you need to: \* Instruct the 2–3 recommenders listed on your form to send their letter of recommendation as a pdf attachment to postdocapply@math.ku.dk, stating "Recommendation: your-name" in the subject line. You are responsible for soliciting these letters. \* Submit the official University of Copenhagen Application form that can be found at: <http://jobportal.ku.dk/videnskabelige-stillinger/?show=696612> IMPORTANT INSTRUCTIONS FOR FILLING OUT THE APPLICATION FORM When filling out the Application form, we ask you do proceed as followed with regard to uploading documents: \* Cover letter: Please upload the Department of Mathematical Sciences postdoc interest form receipt confirmation email, as your cover letter. \* CV: Please upload a 1–3 page CV, including list of publications. \* Diploma: We do not need your diploma at present, despite the field being mandatory. If you don't have your diploma at hand, please just upload a pdf stating your (expected) PhD date. \* List of publications: Please do not upload anything (include in CV). \* Research plan: Please upload a 1–4 page summary of your past research and future plans. \* Teaching portfolio: Please do not upload anything (include teaching info in CV). \* Publications: Please do not upload any publications. Make them available on the arXiv or your homepage instead. WE NEED TO HAVE ALL DOCUMENTS, INCLUDING RECOMMENDATION LETTER, BY DECEMBER 1, 2013.

---

Registered information:

**Personal information:**

<b>Last name</b>	Lang
<b>First name</b>	Jaclyn
<b>Email address</b>	<a href="mailto:jaclynlang@math.ucla.edu">jaclynlang@math.ucla.edu</a>
<b>Year of birth</b>	1987

**PhD information:**

<b>Year of PhD</b>	2016
<b>PhD institution</b>	University of California, Los Angeles
<b>PhD advisor</b>	Haruzo Hida

**Research information:**

<b>Current institutional affiliation</b>	University of California, Los Angeles
--	---------------------------------------

**Areas of interest (keywords only, eg. algebraic number theory: Galois representations, mathematical physics, stability of modular forms, p-adic interpolation, elliptic matter) curves**

**Primary research group at Copenhagen** alg

**Secondary research group at Copenhagen**

**Please choose a possible postdoctoral mentor at Copenhagen IK (see [the list of employees](#))**

**If other, please specify**

**Recommender information:**

<b>Name of recommender #1</b>	Haruzo Hida
<b>Name of recommender #2</b>	Jacques Tilouine
<b>Name of recommender #3</b>	Chandrashekhara Khare
