2. Comments:

2.1) Please use the space provided for any comments you wish to make which are pertinent to the educational process. These may include all aspects of the course: teaching, examinations, grading, textbook, etc.

- Anton's sections were extremely helpful. He went over a lot of practice problems which really helped in understanding the material and preparing for the exams.

- Great in summarizing lecture content in concise topics. The practice questions provided by Anton were very thorough and relevant as well.

- the TA likes going through problems rather than teaching concepts; but all problems are not related to midterm or quizzes.
